ProClick

INTUITIVE - RELIABLE - SAFE

- ✓ Simple, reliable and flexible handling
- ✓ Individually combinable components
- ✓ High quality and robust materials
- ✓ Compatible with the entire **L-BOXX®**-Family

ProClick changes the way professional tradesmen carry their tools.

The ergonomically padded Tool Belt or just your own trousers belt form the basis **ProClick** the Holder is the core and connecting element of the system. What makes it unique - threading in and out through the **ProClick** belt is a thing of the past. When required the Holder can be disconnected with one hand or connected to the belt through the clever click connection.

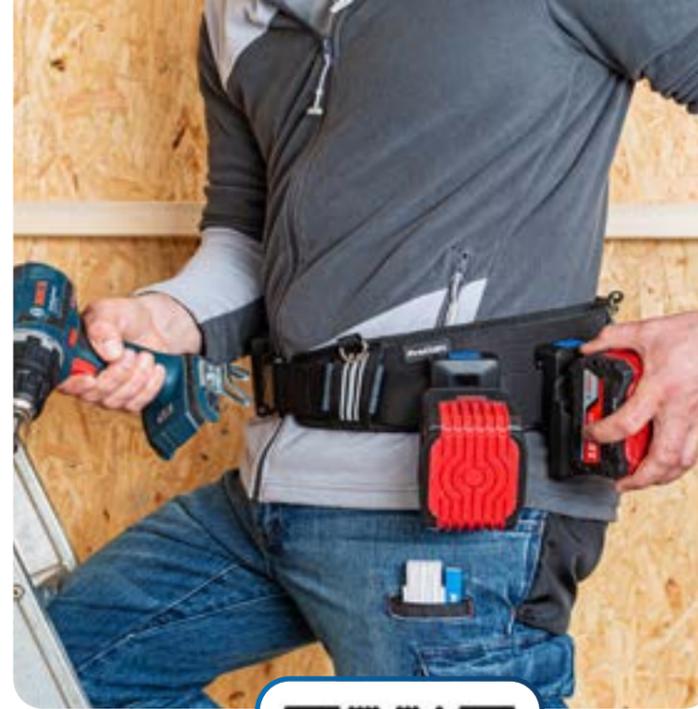

The various Tool Pouches, flexible storage solutions and robust holders which have been equipped with a so-called ClickUnit, can be clicked into the Holder and fastened with one hand movement. This means everything is to hand, even though your hands are free.

IN ACTION

ProClick Tool Bag

The ProClick Tool Bag, an open tool bag with soft grip and shoulder carrying strap is the perfect mobile helper for service professionals from every branch.

It doesn't matter whether you are dealing with awkward or heavy material; the Tool Bag means everything comes simply, comfortably and organized, to the job site.

The seamless connections on all articles of the ProClick system means they can be transported while connected, saving time and energy because they are equipped with a ClickUnit and fit into the proven L-BOXX system.

Manufactured from high quality and robust materials, they withstand the toughest challenges.
