

Press Release

A joint company of  **BOSCH** + **Sortimo**

ProClick - Multiple awarded

ProClick

Award-winning - BS Systems GmbH & Co. KG can celebrate twice. With its innovative and clever tool belt system **ProClick**, it has won this year's **iF DESIGN AWARD** and **PLUS X AWARD**, placing it among the honorees of the world-renowned iF Design label as well as the PLUS X AWARD seal of approval.

The **ProClick** tool belt system was able to convince the 132-strong, independent, international expert jury of iF International Forum Design GmbH, and was awarded the iF Design AWARD for outstanding design quality in the Industry/Tools category. The iF Design brand is

internationally established as a symbol of outstanding design excellence and is one of the world's most valuable seals of quality.

The **PLUS X AWARD** is the world's largest award for innovation in technology, sports and lifestyle. It honors brands for the quality and innovative edge of their products. Here, **ProClick** was able to convince in the categories of **High Quality, Ease of Use and Functionality**.

ProClick - the robust and innovative tool belt system makes work even safer, more ergonomic and, above all, easier for the trade professional thanks to a range of clever storage solutions for transport "on the man". The robust belt pouches made of high-quality PE fabric are available in a wide range of sizes and designs. They can be clicked on or off with a single tap of the finger - and, above all, with one hand - using the holder attached to the belt. When the work session ends or the tool requirements change, the pouch can simply be swapped - making complicated threading & unthreading of the belt a thing of the past.

ProClick connects: intuitive - reliable – safe
